

Dear friends of MEJ

How the things are going? Here, we try to work hard even if in the “Northern Hemisphere” we are in “holy days”. In the last time we received some questions about our gathering Rome 2015. For that, we decided to send you this information:

- All EYM participants must register through the EYM National Committee (we going to send you in other time more information about the way to do it)
- We don't have a limit number of participates for each delegation. But we remind you, you have till **15 of December 2014** for communicate to the Organization the number of participants. After that we going to see if we have vacancies.
- We give you some “restrictions” about the **number of accompanying**:
  - For adults to accompanying youth:
    - in the case of EYM minors: 1 adults (+25 years old) for 5 EYM young minors *or according the law in your own country.*
    - in the case of EYM +18: *it is an option* for example 1 adults (+25 years old), for 8 EYM young people
- We give you some “restrictions” about the “age”:
  - Everyone can attend the EYM Gathering, provided that the participants are born **before 31 December 1999**. (*i.e. among 15-25 years old*)
  - For EYM youth (*15-25 years old*): not over 25 years old at August 11, 2015
  - For ALL adults (accompanying): *should preferably be not over 50 years old in raison of organization and the accommodation facilities*
  - Adult Age Exception for the National Team (important to think about the condition of accommodation facilities -do not include beds and the program is done thinking to youth people).
  - We keep for us the right for the final list

As you can see we want to give the first priority to youth. We know you understand. This gathering is for the Eucharistic YOUTH Movement!

For all kind of information, please contact Eugenio: [eymcentenary@gmail.com](mailto:eymcentenary@gmail.com)

**“So that my joy may be in you”**

Sr Lourdes Varguez, *International Assistant for EYM*

Fr Frédéric Fornos, *Director General Delegate of Apostleship of Prayer and EYM*
